
JEFFERSON LOCKE

TAILORED COACHING PROGRAMMES

In house training programmes that empower you to coach your own teams and improve productivity, employee wellbeing and retention.

Unlock the limitless potential of the people in your organisation with a bespoke coaching programme devised with you, delivered by you and owned by you.

'I'm not someone who is confident when presenting to clients...closing a deal...working out a budget.'

We all have limiting self-beliefs that damage our potential. Our research informed understanding of coaching, transformational learning and change management, enable us to work with you to create a bespoke coaching programme that meets the individual needs of your organisation and transform your people to enable them to reach their potential.

Reflecting your organisational values, ethos and beliefs, your coaching programme will include training, resources and methods that meet the individual needs of your organisation and people.

Why give someone else your money when you can run a sustainable customised coaching in-house programme to improve productivity, staff wellbeing and retention?

One size does
not fit all
in coaching.

We all have different ways of managing change and different belief systems. We can help you to create a coaching programme that is as unique as you and your organisation.

We have over 25 years of coaching experience, a PhD in transformational learning, have trained over 200 coaches, created an MA in coaching and mentoring. We have coached and consulted across elite sport organisations, creative industries, charities and education to help them to fulfil their potential.

What we deliver for you

Work with you to identify the needs and goals of your coaching programme.

Identify the best type of coaching programme to fit your organisational ethos.

Create a coaching programme including models, tools and resources that reflect your organisation and meet the needs of your people.

Train key coach change makers within your organisation to enable you to run the coaching programme in-house.

Informed by the latest research in neuroscience our understanding of how we transform from the inside out creates limitless potential for your organisation.
